VOL XVII.

EAST LAS VEGAS, NEW MEXICO, MONDAY EVENING, MARCH 16, 1896.

NO. 115

KENTUCKY TROUBLES

The Militia at the Capitol and the Citizens holding Indignation Meetings.

A MOST COSTLY BLAZE

Llewellyn Endorsed as Delegate in Dona Ana and Perea in Bernalillo.

TEXAS FRUIT IS KILLED

FRANKFORT, Ky., March 16.—The state capital is filled with militia, today in response to the governor's proclamation. Democratic members are highly indignant and refuse to join in joint assembly, thus destroying a quorum. Indignation meetings are being held in the city, and the governor's action is severely denounced. The city is very quiet. It is expected that the legislature will retaliate by refusing to pass revenue bills.

Snow Storms in the East.

NEW YORK, N. Y., March 16.—A heavy snow storm prevails here and in all New England, today, impeding travel and causing much suffering.

Tunnel Burned Out.

GEORGETOWN, Indiana, March 16.—The Lake Erie & St. Louis railroad terminal tunnel, which is 800 feet long, was burned out, early this morning. Travel will be delayed several days.

Texas Fruit Killed.

FORT WORTH, Texas, March 16.—A heavy frost occurred all over northwestern Texas, last night. All fruit seems to be killed. The loss is incalculable.

Will Surrender Them.

CINCINNATI, Ohio, March 16.—Judge Buckwalter decided, this morning, to surrender Jackson and Walling, Pearl Bryan's murderers, to Kentucky officers.

In the Second Degree.

TOPEKA, Kas., March 16.—Frank Medel, colored, was convicted today, of murder in the second degree, for killing Mrs. Watson, a wealthy woman, one year ago.

A Strike Imminent.

SEATTLE, Wash., March 16.—It is believed that employees of the Great Northern have organized to strike against the reduction of wages, which took effect March 1st.

A Costly Blaze.

FORT SCOTT, Kan., March 16.—The Star Hotel was burned early this morning. Loss, \$25,000. Thirty occupants narrowly escaped cremation. A number of people are suffering from severe bruises.

A Terrible Storm.

MELBOURNE, Australia, March 16.—A terrible hail storm occurred here yesterday, which smashed in windows, unroofed many buildings, sunk a ship and killed one woman. Many other persons were injured.

For Cuba's Sake.

WASHINGTON, D. C., March 16.—Senator Morgan spoke in behalf of the Cuban revolution in the senate today, recommending their adoption. Full galleries were present. Resolutions were announced, censuring Bayard, to come up Wednesday afternoon.

Albuquerque for Perea.

ALBUQUERQUE, N. M., March 16.—The republican county convention today nominated fifteen delegates to the Territorial convention, which meets here Monday. Hon. Pedro Perea was endorsed by the convention as one delegate to the St. Louis convention.

Llewellyn Endorsed.

Special to the Optic.
LAS CRUCES, N. M., March 16.—At the county republican convention held here today, John R. McFie, A. L. Christy, Albert J. Fountain, Jr., Fred A. Anderson, Pablo Melendez, and S. B. Newcomb were selected as delegates to represent Dona Ana county. Llewellyn was endorsed as the Territorial delegate to St. Louis.

Gold Bug Campaigner.

MOBERLY, Mo., March 16.—Congressman Josiah Patterson, of Memphis, Tenn., who made such a whirlwind "sound money" campaign through the south in May and June last year, and was mainly instrumental in inducing Secretary Carlisle to make his notable "sound money" speeches at Memphis, Louisville and other points at about the same time, arrived here today to open the campaign of the democratic party in Missouri, the intent of which is to secure as many delegates as possible to the state convention, to be held at Sedalia, on April 15th. The Tennessee orator will speak here to-night, at St. Joseph on Tuesday, and in Kansas City on Wednesday.

The Little Fellows.

WASHINGTON, D. C., March 16.—The conference of minor league presidents called by the New York meeting last month is in session at Willard's hotel today. The prize movers in the conference are President Hough, of the Pennsylvania state league, and President Minnane, of the New England league, and the chief purpose, as stated in their call, is to complete the organization of a combination of the minor leagues, and to discuss matters calculated to advance their best interests. There is an apparent disposition on the part of the eastern league and western league managers to hang back until they are certain that it is not the purpose of the new combination to antagonize the national league, which they have been led to believe by the warlike stories which have been circulated.

An Important Hearing.

WASHINGTON, D. C., March 16.—Two scores of prominent export, manufacturers and merchants were present this morning at the first session of the public hearing which is being conducted by the sub-committee of the committee on ways and means for the consideration of matters bearing on the several bills pending in congress, relating to reciprocity and commercial treaties. Congressman A. S. Hopkins, the chairman of the committee, presided. The inquiry is confined chiefly to two points, namely, the operations of the reciprocity treaties that were negotiated under the Harrison administration, and the effect of their repeal; also the obstacles in the tariff or customs regulations of foreign countries tending to retard the extension of the American export trade. The hearing will probably occupy a whole week as there is a mass of valuable communications, in the way of opinions and information treating of various phases of the reciprocity question, to be introduced.

Sportsman's Exposition.

NEW YORK, N. Y., March 16.—The opening of the second annual sportsman's exposition drew a large crowd to Madison Square Garden today, and the general satisfaction expressed by the visitors augurs well for the success of the enterprise. The display is much larger in scope than that of last year, and embraces, in addition to the many specimens of fish, fowl and beast and the weapons of the chase, a variety of unique exhibits such as the camps and cabins of hunters in the Adirondacks, the Maine woods, the far northwest and other sections of North America, with a touch of realism imparted to the miniature bits of forest scenery by the presence of real Indians and grizzled mountain guides. Many well-known sportsmen and clubs have contributed their trophies, prizes, medals, cups, weapons and souvenirs of the chase to the mammoth loan exhibit of these articles, which is being held in connection with the exposition. The exposition will continue through the week.

They Don't Believe It.

CHICAGO, Ill., March 16.—The report from the east, to the effect that a movement is in progress looking to a union of the Protestant Episcopal church and the Reformed Episcopal church upon the basis that existed prior to the notable secession, nearly twenty-five years ago, is regarded as apocryphal by leading prelates and divines of the last-named denomination in this city. According to the report the basis of the proposed reunion is the declarations contained in the Lambeth quadrilateral, but as this document was thrown overboard by the original convention of the Protestant Episcopal church, in session at Minneapolis last October, after one of the most heated conflicts in the history of any religious denomination of this country, it is not regarded as likely that it would be utilized as a method of opening the doors of the mother church to the seceders of old.

The Passenger Line.

RICHMOND, Va., March 16.—Passenger traffic representatives from every section of the United States and Canada are gathering for the forty-first semi-annual meeting of the American Association of General Passenger and Ticket Agents, which will open in this city, to-morrow. The convention will be one of the most important in the history of the organization and an unusually large number of questions relating to railroad passenger affairs, will come up for consideration and disposal. Among the first matters to receive attention, will be the report of the committee having in charge the matter of a better control of the issuance of interline passenger tickets.

The Final Hearing.

NEW YORK, N. Y., March 16.—This is the date set for the final hearing of the accounts of Theodore F. Oakes, Henry C. Rouse and Henry C. Payne, the Northern Pacific receivers. The hearing is being conducted before Special Master A. L. Cary in the United States district court. The present step of this long drawn-out legal battle is attracting more than usual interest because of the fact that the amount of salaries of the receivers will be definitely decided before the hearing is concluded. It is said Rayton lives will oppose the payment of \$18,000 per year to each of the receivers, which the final amount falls for.

More Sentimental Stuff.

ALBANY, N. Y., March 16.—The girls employed in the Troy collar and cuff factories, who sent floral tributes to the recent funeral of Bat Shea, have completed their arrangements for a big ball, which will be given to-night, for the purpose of raising a fund for the erection of a monument over the grave of the electrocuted murderer. A considerable sum has already been subscribed, and the girls are confident of securing enough to erect a suitable monument, which they promise will be as unique as their electric chair of roses and immortelles.

All at Once.

At 11 o'clock, yesterday morning, the solemn and impressive ceremonies initiated Samuel Jacobs, son of J. M. Jacobs, chief of the Depot hotel, as a member of the congregation Montefiore, were performed by Rev. L. Schreiber. The initiation was witnessed by a large congregation, and the services were indeed grand. Rev. Schreiber's text for his address was, "Initiation in the most ancient order on the globe," and he was listened to with close attention. The church was most beautifully decorated, potted plants being especially numerous. After the ceremony, a reception was held at the residence of the parents, where many friends called to congratulate the young man. An elaborate report was given by Mrs. Jacobs, and Sammy, as he is familiarly known, was the proud recipient of many costly and handsome presents.

THE DESERT LANDS

The House Committee on Desert Lands Recommends Giving it to the States.

OLD-COUNTRY SENSATION

Extensive Fur Robbery Committed Under the Eyes of New York's Police.

SENTENCED TO BE SHOT

WASHINGTON, D. C., March 16.—The house committee on desert lands will recommend that these lands be given to the states and Territories, to be sold in small tracts to actual settlers. The proceeds to be used in reclaiming the balance by irrigation works.

Spanish War Ships Moving.

KEY WEST, Fla., March 16.—Several Spanish war ships which have been hovering off the coast recently, sailed northward after being advised by the Spanish consul.

An Extensive Robbery.

NEW YORK, N. Y., March 16.—C. Johanson's large fur establishment was robbed, last night, of over \$6,000 worth of goods, which were loaded on a coach and removed, regardless of the police.

Sentenced to Be Shot.

GUTHRIE, Oklahoma, March 16.—Charles Holmes, a full-blooded Cherokee Indian, was sentenced, today, to be shot, for killing another Indian, last November. The trial was and the execution will be according to Indian law.

Easter This Year, April 9th.

Easter Sunday this year falls on April 9th and Shrove Tuesday, the close of the carnival season in France and in the Latin countries, falls on February 18th.

The establishment of the Christian festival of Easter, typical of the resurrection of the Lord, was a matter of much controversy in the church for centuries, but was finally established by the Gregorian calendar adopted by the Roman church in 1722, and Easter is always the first Sunday after the full moon, which happens upon or next after March 21st, which date is the beginning of the ecclesiastical year. Therefore, the earliest date upon which Easter may occur is March 22d. If the full moon should fall on March 21st, Easter is the following Sunday. The latest date upon which the festival may fall is April 25th. In 1761 and 1818 Easter fell on March 22d, but that will not occur again in this or the next century. In 1898 it fell on April 25th, and will do so again in 1913.

The Convention, To-morrow.

To-morrow, at 10 o'clock a. m., the republican delegates, selected for the purpose, will meet at the court house, and elect delegates to the Albuquerque convention. Greater significance will be attached to the harmony that exists in the republican ranks, than to whom they send as delegates to this convention. No one should allow personal ambition to rise above the interests of the party. The hope of the country, at large, lies with the republican party, as well as does the interests of New Mexico and San Miguel county; so whatever else is accomplished, let not the convention, to-morrow, adjourn without a full and complete understanding of differences, should any arise, during the meeting. The republicans are in the right, and always have been, and the party is badly needed in the affairs of this nation, even down to the smallest office. Let all pull and work together, this year, for the common good.

S. A. Clements, proprietor of the New Mexico planing mill, has just received an

assorted stock of building materials of all kinds and styles, which he offers for sale at prices to suit the times. He keeps on hand always native and redwood lumber, and shingles, and gives special attention to builders and contractors in want of building materials. Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

WAS BURIED AT SEA.

A Somewhat Sensational Report Concerning the Disposal of the Body of Prince Henry.

NEW YORK, N. Y., March 16.—The extraordinary story is going the rounds of the aristocratic clubs and rendezvous of the newspaper writers. It is to the effect that the late Prince Henry of Battenberg, husband of the Princess Beatrice, who died from fever contracted on the Ashantee expedition, was buried at sea, and that the elaborate obsequies which took place in Westminster Abbey, on the Isle of Wight, were carried out over an empty coffin, in accordance with the strong views entertained by the queen on the importance of state ceremonies for all dead royals. The story is said to have originated with some of the crew of the cruiser, "Blenheim," by which the body was supposed to have been brought from the coast to Plymouth, and who declares that, owing to the rapid and frightful inroads of the deadly fever upon the frame of the prince, the remains commenced to decompose almost immediately after death; that it was found impossible to utilize the embalming process, either outwardly or through the veins, and that, for the protection of the health of those on board, and in further view of the fact that there was no air-tight or leaden casket available, it was found absolutely necessary within twenty-four hours of the passing away to lower the remains to the deep. In some measure the report finds confirmation from the fact that the lid of the oak casket was not removed because of the fact that "Blenheim" is transferred to the yacht "Alberca," and its being lowered into the vault where it is to rest until the sarcophagus has been completed; and that consequently no opportunity of looking for the last time upon the face of the dead, was afforded either to the widow and her children or to the queen. The story has gained so wide a circulation that it is likely to be given publicity in the radical papers, and it is possible that a question on the subject may be asked in the house of commons.

Just received, goods for the season: Garden tools, rubber and cotton hose, sprinklers, nozzles, couplings, menders, etc.; poultry netting and screen wire; prices to suit the times, at H. G. Coors'. 111-17
